

Technical Data Sheet

Tough Lube Bio - Aerosol *with Graphite*

A Premium Quality Bio-Degradable, Highly Adhesive, Waterproof, Heavy Duty, Tenacious Lubricant, for Open Lubrication Points

Tough Lube Bio is the ideal Heavy Duty Lubricant for Open Lubrication points in Environmentally Sensitive Areas. It is a Highly Water Resistant, Extreme High Load, Long-Life Grease in a handy to use Aerosol Spray. **Tough Lube Bio** is formulated with Premium Quality Bio-Degradable Grease & Base Oil and incorporates Graphite Solid Lubricating Additives, Extreme Pressure and Anti-Wear Additives.

Applications: -

Tough Lube Bio is the ideal Heavy Duty Lubricant for Open Lubrication Points. It is particularly applicable for Chains, Open Gears, Wire Ropes, Telescopic Booms, Guides, and Sliding Surfaces.

Features and Benefits: -

- Bio-Degradable – Safe to use in Environmentally Sensitive Areas
- Protects against Shock Loading, Wear & Stick Slip
- Has excellent Corrosion Resistance, protects in Wet & Saturated Conditions
- Contains Solid Lubricants for improved performance
- Easy to use “Handy” Aerosol Spray
- Highly Tenacious, adheres excellently to surfaces
- Multi-Purpose Lubricant ideal for all Open Lubrication Points

Method of Application: -

Shake can thoroughly before use. Hold can upright and apply a thin even coating onto surface from approx 15 -30cm (6 to 12 inches).

Hold upright and apply a thin even coating.

After use invert the Can & give a light spray as this will clear the nozzle of any blockages

Part Number: ML-61012 - 400ml Aerosol
